Re: Abandonment Exemption of the Lassen Valley Railway, Docket No. AB-1074X, Lassen County, CA

Dear Mr. Kahn:

You are initiating consultation on behalf of the STB regarding the above referenced undertaking. STB is requesting my assistance in assessing any potential effects of the abandonment action in accordance with 36 CFR 800, regulations and implementing Section 106 of the National Historic Preservation Act.

As I presently understand it, the undertaking consists of abandonment of a portion of rail line between Milepost 338.33 near Flanigan, NV, and Milepost 360.10 near Wendel, CA for a distance of 22.34 miles Washoe County, NV and Lassen County, In CA. This letter only pertains to the portions of the railroad line that fall within California.

After reviewing the Historic Report included in the consultation package, I am able to concur with the STB overall effort to determine and document that the APE is satisfactory pursuant to 36 CFR 800.4(a)(1). Likewise, STB's effort to document historic properties in the APE is satisfactory pursuant to 36 CFR 800.4(b). As I presently understand it there are no historic properties within the APE.

Because there are no historic properties present in the APE, I am able to concur with the "No Historic Properties Affected" for the undertaking.

Thank you for considering historic properties in your planning process. If you have any questions, please contact Amanda Blosser of my staff at (916) 445-7048 or e-mail at ablosser@parks.ca.gov.

Sincerely,

Milford Wayne Donaldson, FAIA
